Welcome to Carnegie Mellon University Water Polo Club. This club was started in 2000 for the sheer purpose of having fun and playing the sport we all love. You are joining us in an eventful time as now we are part of the CWPA (Collegiate Water Polo Association) and we have scheduled tournaments throughout the semester. The attached schedule is tentative except for the three tournaments and the possible championship.

Contact is especially important with this club. We may sometimes be offered a game last minute, or practice might have to be cancelled, or other pressing information may need to be distributed. For this purpose, we have set up a mailing list through yahoogroups named CMUWP. Information that the group requires as a whole will be sent out through this address. The leaders and I all have a joint e-mail: cmuwp@andrew.cmu.edu which you can e-mail at any time with questions or comments that you feel we need to address.

This Year, we will be practicing on Mondays, Tuesdays, and Thursdays from 9-10:30. We will also have optional weight-lifting sessions on Wednesdays and Fridays. The time of these workouts are to be determined once practice starts. Since we only have practices three times a week, we would like you to make an effort to miss no more than two practices in a row. The missing of practice not only hurts you, but it hurts the team as well.

Thank you for showing your interest in playing water polo. The leaders and I look forward to playing polo with you.

Sincerely,
The CMU Water Polo Board

By signing below, you promise that you will try your hardest not to miss more than two practices in a row; acknowledging that if you do miss, you will be hurting yourself and the team by your absence. Member teams of the Collegiate Water Polo Association (CWPA) are not permitted to miss the tournaments. If we do, we are suspended for a year. By signing this you also agree to make a serious effort to attend all games, and advise us at least two weeks in advance if you are unable to attend.
